

TerryWhite Chemmart

McIntyre Medical Centre Pharmacy

Partners with your Community...

2019 has seen the opening of our new store **TerryWhite Chemmart McIntyre Medical Centre Pharmacy**, locally owned and operated. It didn't take long to understand that we have the honor of servicing such a wonderful community. It is with great enthusiasm that we have engaged with community clubs and schools and have been welcomed with open arms. We are so proud to be affiliated with the following groups:

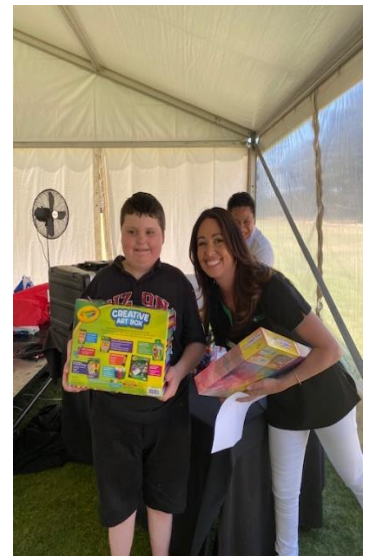

Salisbury Bowling Club

It has been a pleasure to sponsor such a proactive and inspiring bunch of people! We proudly display our logo on the club wall and have enjoyed attending various events including the club's Cancer Council's Biggest Morning Tea, Season Opening and Ladies Prestige Day. It's been a pleasure to provide raffle prizes, vouchers and mini gift bags. More recently we attended Night Owls where our pharmacists offered free blood pressure checks to bowlers and proudly donated a blood pressure machine, glucose machine and thermometer.

Para Hills Community Club

TerryWhite Chemmart McIntyre Medical Centre Pharmacy is a proud member of the Para Hills Community Club. This year we had the privilege of having a marquee at the annual Christmas party where we hosted a colouring competition, with prizes, Jelly Bean Competition as well as conducted free glucose and blood pressure checks. It was lovely to meet so many grandparents and grandchildren at this fun filled event!

Para Hills West Primary School

One of our most fulfilling associations is with Para Hills West Primary School. As a pharmacy we are mindful of looking after our young community members and their families. To this end we were pleased to be able to provide the school with sponsorship funds for various sporting initiatives and are so proud to have our logo on their uniforms. We were also pleased to provide two first aid kits as well as first aid supplies to the school's health bay. We introduced ourselves to over 250 families providing loyalty cards and sharing Asthma information.

We also launched our first ever coloring competition through the school and in the medical Centre where we had multiple entries. One lucky student won an iPad and two others JB- Hi Fi Vouchers. We thank the families of Para hills West Primary for their Support!
